

SOUTHERN LUMBER CUT IN TWO YEARS

Nearly Half the Supply of the Country Comes from Southern Forests.

ALL KNOWN TIMBERS HERE

Virginia Stands in the Front Line Among the Lumber Producing States.

BALTIMORE, MD., July 25.—The Manufacturers' Record has compiled some very interesting figures concerning the lumber interests of the country, especially in the South, from which it appears that lumber was cut in the South in 1907 to the extent of 19,302,883,000 feet, an increase over the cut in 1906 of 3,012,602,000 feet, or 15.6 per cent. In the rest of the country the cut was 20,521,711,000 feet, a decrease under the cut of 1906 of 307,154,000, or 1.4 per cent. There was this decrease in the rest of the country, in spite of the fact that the rest of the country cut 7,435,000,000 feet of lumber in 1907, an increase over the cut of 1906 of 1,435,000,000 feet, or 19.3 per cent. The total cut in 1907 was 39,824,594,000 feet, an increase over 1906 of a little more than 3,000,000,000 feet.

There was an increase of production in all the Southern States except in Florida and Maryland. The increase in the South was 19.3 per cent, and in the rest of the country 15.6 per cent, and of the yellow pine the South cut 12,902,028,000 feet, or 79.9 per cent. The South cut, too, 571 per cent, or 66,841,000, of the total cut of 12,902,028,000 feet, or 79.9 per cent, and of the yellow pine the South cut 12,902,028,000 feet, or 79.9 per cent, and of the yellow pine the South cut 12,902,028,000 feet, or 79.9 per cent.

perhaps has had so much to do with the growth of Hampton as this bank and it is now, as it has been for years, one of the staunchest bulwarks of the city's prosperity.

REAL ESTATE NEWS, CITY AND SUBURBAN

In the farm business for three years, announce in this issue their intention of taking up, in connection with the farm business, the sale and renting of city property. This firm is composed of J. S. Young and J. Elwin Norvell, and as city men they have secured Mr. Hy Ruppert. Mr. Young claims that they have done a good business, and even during the recent hard times made some money above expenses; but, like all other firms, they desire to take a hand in the city business. Mr. Young boasts of conducting a strictly cash business, and he and his associates seek to do all they can for the success of our thriving, industrious city.

NEW TOBACCO SELLS WELL

First Primings of the Season Command Good Prices in Danville. [Special to The Times-Dispatch.] DANVILLE, VA., July 25.—The first of the new crop, in the shape of primings, put in an appearance on the market this week, and judging from the quality and the prices, the indications are that at least a part of the crop promises to be exceptionally good.

The highest prices for primings we have seen were around 8 1/2 cents to 9 1/4 cents. The prices have ranged from 2 cents to 3 cents for low grades, some of the better grades selling as low as 1 cent. Only about half a dozen loads of old tobacco have been offered on the sales this week.

With the exception of a few localities, in which there have been showers that were inadequate, the whole tobacco section is suffering from rain, and considerable damage to the crop is reported, which, however, is not irreparable. The weather has been unusually hot, even for the time of year.

BOOKS FOR NORTH POLE

Peary Will Try to Plant Well-Thumbed Seaman's Library. NEW YORK, July 25.—With the prospect of being the first printed pages to penetrate the uppermost polar region, two sets of American books are being sent to the north, set up in the hold of Lieutenant Peary's ship, the Roosevelt.

Reports that these two of their 3,000 floating libraries are to be in circulation among the Arctic explorers have been the headquarters of the American Seamen's Friend Society to-day.

That some of this nation's literary works may eventually be planted beside the flag at the pole is the object of the determined crew, who are to enjoy the books in the bitter solitude of the next two years.

From a list of the 613,400 volumes which they have placed before 44,220 sailors on every sea, the officers of the American Seamen's Friend Society chose two sets best calculated to supply the hungry brains of the isolated explorers. Those books of travel and adventure which have come back most thumbed from almost 100,000 forecasts were finally selected for the Roosevelt.

BRITISH AIRSHIP TESTED

Meets Requirements During First of Series of Trials. ALDERSHOT, Eng., July 25.—The new airship for the British army made the first of a series of trials this afternoon. The flight was a brief one, but successful. The airship covered a circuit of two miles over the common at a height of 500 feet, and then described a figure eight to test its steering apparatus. Colonel Capner, commander of the balloon school, was in charge of the steering. Captain F. S. Cody, an American inventor, was in charge of the motors.

YOUNG MAN SHOTS HIMSELF

Thought to be Result of Love's Quarrel. [Special to The Times-Dispatch.] STAUNTON, VA., July 25.—Harrison Zimbro, a young white man, shot himself near the heart in a room at the home of his parents in Craigsville yesterday. Miss Nora Thompson was in the room at the time. At first it was thought to be a case of attempted suicide growing out of a lover's quarrel, but this is denied. The young man was taken to the university hospital at Charlottesville to-day in a desperate condition.

PLEA OF INSANITY

Court Appoints Attorney to Defend Man Who Killed Policeman. [Special to The Times-Dispatch.] SUFFOLK, VA., July 25.—Circuit Judge J. B. McIlwaine to-day appointed J. Stuart McIlwaine to defend Captain James Waverly Jarrett, the railroad section foreman who killed Policeman George T. Smith on July 4th. The trial is set for next Thursday. The plea will probably be insanity, as the accused had suffered with an epileptic trouble.

Accused of murdering John Jordan at Exit, Va., on Saturday night, Jessie Williams was arraigned to-day before Justice J. F. DeBerry and was sent on to the grand jury. The victim was giving a feast, and his slayer was one of the guests.

Portsmouth and Norfolk Commerce. [Special to The Times-Dispatch.] NORFOLK, VA., July 25.—United States Engineer J. B. McIlwaine to-day shows the commerce of Portsmouth and Norfolk for the year of 1908 to have been over 18,000,000. The tonnage totaled over 18,000,000. In twenty years the government has spent \$1,512,000 on harbor improvements.

DECLARE STANLEY IS STILL ALIVE

Negro for Whom White Man Was Hanged May Not Be Dead After All.

[Special to The Times-Dispatch.] RALEIGH, N. C., July 25.—The draft of the brief the Corporation Commission will file with the Interstate Commerce Commission in the suit against the Norfolk and Western Railroad Company, in which it is sought to unjust discrimination against Winston-Salem, Durham and other towns in the matter of freight rates, as compared with rates from similar points to Virginia cities, is about complete, and will be presented in Washington on or before August 15th. The railroad company will file fifteen days thereafter, in which to file counter pleadings. Then a date will be set for the formal hearing before the commission in Washington.

Ray Stanley Is Alive. Governor Glenn gave a lengthy hearing this morning to the aged wife and three daughters of W. H. Register, who is serving a life sentence in the penitentiary on the charge of implication in the killing of Jim Stanley, colored, in Columbus county five years ago. The son was hanged for his part in the crime. The plea for pardon is made on the ground that the old man is in very feeble health and that there has arisen grave doubt as to his guilt. The fact is now questioned if Stanley was killed at all, the theory being that the body found was not that of Stanley, who it is claimed, is the man who shot Deputy United States Marshal Reece in Moore county some months ago.

The Governor took the case under advisement and will not decide it for some time probably.

Goes to Jail. Judge Neal has imposed a sentence of six months in jail, with the privilege of "prison bounds" for exercise and recreation, upon J. W. Parham, convicted of "jumping" his bond here, in violation of the statute of the 1907 Legislature, making it a misdemeanor to leave a boarding place surreptitiously to avoid arrest. Parham is more than sixty years old, a member of a good Vance county family, and was selling machinery and bridge supplies for a Richmond house. He claims that he intended to pay the bond as soon as commission could be collected. He owed for three weeks. Warrants charging similar offenses came from Greensboro and Goldsboro during the past week.

The Woman's Club, of High, provided a unique ceremony this afternoon, when, in the presence of a very large assemblage of ladies and citizens generally, the club formally presented to the city of Raleigh the handsome granite public fountain procured from the National Humane Society. Mrs. W. S. Priddy, president of the club; Miss Daisy Denison, who was especially active in securing the fountain for Raleigh, and the club members were in charge of the exercises. Governor R. B. Glenn was spokesman for the ladies, and formally presented the fountain to the city of Raleigh, accepting it in behalf of the city.

ARRESTED FOR MURDER

Joel Payne, While Greeting Wife and Child, Is Taken in Charge. [From Our Regular Correspondent.] WASHINGTON, D. C., July 25.—Joel Payne, colored, was arrested here today and taken to Bedford county jail to answer the charge of murder of his father-in-law, Reed Swain, near Davis Mills, in that county, last February. The arrest was made by Detective W. D. Baldwin, of Roanoke, assisted by two local officers.

The arrest of Payne was pathetic. He came to this city shortly after committing the crime, and got employment at Silver Springs, a short distance out in Maryland. Detectives located him near Silver Springs, but could not tell where he was employed. Payne went for his wife to come to this city to see him, and to bring his seven-year-old son with her. The two came on to Washington, reaching here last night. Baldwin got wind of the proposed trip, and came to the train with the mother and child. The woman and her son remained in the station all night, but early this morning the husband joined them. The demonstration of affection made by the negro on meeting his wife and child almost softened the hearts of the stern officers, but when they were braced up, and in a twinkling had the nipplers on the murderer.

Payne does not deny the killing, but claims that it was done in self-defense, and says he has no fear of not being able to convince the jury that he was the case. When Detective Baldwin boarded a Southern Railway train to take his prisoner back to Virginia this afternoon, the wife and child were with him also.

HALL SHOT BY MULLINS, MAY DIE FROM WOUNDS

[Special to The Times-Dispatch.] FREELING, VA., July 25.—News has just been received from Brakes that David Hall was shot by Patrick Mullins. Hall, as constable, had a warrant issued by a justice for the arrest of Mullins on some charge, but he refused to surrender, and when brought by the officer, he leveled his shotgun upon him and fired, the lead taking effect in the man's breast. His condition is very serious.

covery is thought to be doubtful. Mullins may escape.

Lynchburg Store Robbed. [Special to The Times-Dispatch.] LYNCHBURG, VA., July 25.—The store of Adams and Co., one of the largest establishments of the city, was robbed last night. Entrance was forced through a rear window. The thieves carried the cash register to the cellar, where it was demolished. They got only \$12 for their trouble.
